MEMBERS EXCUSED: Dr. Paul Clark
DIVISION STAFF

Diana Baker, Bureau Manager

Penny Vogeler, Board Secretary

TOPIC OF DISCUSS: **DECISIONS &
RECOMMENDATIONS**

MINUTES

A motion was made and seconded to approve the minutes. Motion carried

APPOINTMENTS

**Probation Interview
Darron Smith**

Mr. Crouse conducted the interview with Mr. Smith. Mr. Smith stated he is meeting one weekend a month with the military. He is no longer working with Dr. Crump. He is working with Dr. Porter in Tooele one shift a month. Mr. Smith continues to work on his PhD and he is also working for Merck Pharmaceutical. He stated his long range goal is to teach a Physician Assistant program. He also stated there is potential for his being deployed to Iraq. Mr. Smith's supervisor reports were turned in and were all positive. Mr. Smith is in

compliance.

DISCUSSION :
Fourth Street Clinic
Christina Gallop

Dr. Christina Gallop of the Fourth Street Clinic submitted a letter requesting approval for an additional physician assistant at the Fourth Street Clinic. This would be a total of three under her supervision. Dr. Gallop is the only physician on at this location. They have no one in mind for this position at this time but they have recently received a grant from the government and can now afford additional staff. Dr. Reimer has a list of voluntary physician from the University Hospital which he agreed to pass on to Dr. Gallop. She stated she has no volunteer PA's at this time. Mr. Day stated he appreciates her looking for a physician assistant. The Board felt the facility is definitely in need of help. A motion was made by Dr. Reis and seconded by Mr. Day to **grant the waiver** for an additional PA. This will take effect today.

Elmer Sisneros

Mr. Sisneros was interviewed by Mr. Day. Mr. Day discussed the psychosexual evaluation that was done on Mr. Sisneros. When asked how he felt about the evaluation he remarked that he had not received a copy but he felt violated. The evaluation suggested he obtain counseling. He is not doing any counseling at this time. The order will be amended to including counseling. Ms. Baker will recommend a Board approved counselor in Orem.

New Stipulation
Barbara Wilkes

Dr. Reimer conducted the interview with Ms. Wilkes and reviewed the Stipulation with Ms. Wilkes. Ms. Wilkes stated that she had engaged in the practice of medicine and the prescribing of controlled substances without a license because she had allowed her license to expire, and during the time that she was practicing; her supervising physician was also on

probation with the Division. She had been working at a new office specializing in weight loss that was owned by Leslie Crammer, an EMT. Both she and Ms. Crammer were doing mesotherapy procedures. Ms. Wilkes did not have a Delegation of Service Agreement in her office, but claimed that her supervising physician had signed one; however, her supervisor does not practice in weight loss nor is he trained in mesotherapy.

Ms. Wilkes stated she had been going through chemotherapy and had decided she was never going to work again. But she is now feeling better and would like to go back to work. Ms. Wilkes will notify the Division if she returns to work. Mr. Day recommended she keep her licenses and certification current. Ms. Baker will send pamphlets of information relating to the Division approved ethics courses and prescribing courses. Failure to complete the terms and conditions of her order can result in possible sanctions against her license.

**Robert Todd Sumpter
Public Reprimand**

Dr. Allen interviewed Mr. Sumpter. Mr. Sumpter's physician assistant license expired on May 21, 2006 and he continued to practice and prescribe controlled substances until December 2006. Mr. Sumpter's license is being publicly reprimanded for practicing without a license. Mr. Sumpter stated he gave a renewal fee to his secretary and assumed she had submitted it. He will also be fined and must obtain an additional five hours of continuing education to be completed within one year.

**Michael G. McMahan
Public Reprimand**

Mr. McMahan was interviewed by Dr. Reis. Mr. McMahan has been publicly

reprimanded for unprofessional conduct. He failed to have a Delegation of Services Agreement on file with his physician. He submitted a letter to the Board members in response to the reprimand. Dr. Reis stated Mr. McMahan needs to be more aware of detail and the requirements of the Delegation of Service Agreement.

He asked why his reprimand was posted on the DOPL website. It was explained to him that anyone can request a copy of the public reprimand because it is a public document. Ms. Baker suggested he study the new Pharmacy Practice Act.

Motion was made by Dr. Allen to adjourn.

NEXT MEETING

September 20, 2007

(ss) Dan Crouse
